Metabolic Pathways for Lipids and Amino Acids TestGen Test Bank (Download Only) for General, Organic, and Biological Chemistry: Structures of Life, 6th Edition Instructor Solutions Manual for General, Organic, and Biological Chemistry: Structures of Life, 6th Edition Show Order Information for Pearson offers affordable and accessible purchase options to meet the needs of your students. Engage students during class with the help of Mastering Chemistry Learning Catalytics helps generate class discussion, customize lectures, and promote peer-to-peer learning with real-time analytics. Nuclear Chemistry 6. Acids and Bases 12. During that time, her name has become associated with the strategic use of pedagogical tools that promote student success in chemistry and the application of chemistry to real-life situations. Pearson eText is available with Mastering Chemistry when packaged with new books, or as an upgrade students can purchase online. About the Author: Karen Timberlake is professor emerita of chemistry at Los Angeles Valley College, where she taught chemistry for allied health and preparatory chemistry for 36 years. Content Updates Updated - Biochemistry chapters 15, 17, 19 to 24 strengthen connections between sections, and include new Study Checks and new Chemistry Links to Health such as Dental Cavities and Xylitol Gum. A Prostaglandin-like Medication for Glaucoma That Also Thickens Eyelashes, and Taking Advantage of Enzyme Inhibition to Treat Cancer. Aldehydes and Ketones 15. Students can further master concepts after class through traditional and adaptive homework assignments that provide hints and answer-specific feedback. Carbohydrates 16. 1. No portion of this material may be reproduced, in any form or by any means, without permission in writing from the publisher. The new edition introduces more problem-solving strategies, more problem-solving guides, new Analyze the Problem with Connect features, new Try It First and Engage features, conceptual and challenge problems, and new sets of combined problems-all to help students develop the problem-solving skills they'll need beyond the classroom. The Timberlakes' son, John, and daughter-in-law, Cindy, are involved in preparing materials for English language learners. Close the loop of learning with Mastering Chemistry after class Tutorials in Mastering Chemistry complement chemistry presented by Karen Timberlake in the text and help students develop problem-solving skills needed to succeed in this course and in their future allied health careers.Problem Solving in Allied Health tutorials reinforce connections presented by Karen Timberlake in the text and in Mastering Chemistry, helping students develop the problem-solving skills needed to succeed in the course and in their future allied health careers.Concept Map quizzes help students make key connections via drag-and-drop appeals and related multiple-choice assessment questions. With the newly revised 6th Edition, best-selling author Karen Timberlake and new contributing author MaryKay Orgill connect chemistry to real-world and career applications. Check out the preface for a complete list of features and what's new in this edition. Their goal is to help students become critical thinkers by understanding scientific concepts that will form a basis for making important decisions about issues concerning health and the environment and their intended careers. Builds Students' Critical-Thinking and Problem-Solving Skills Review topics appear in the margin at the beginning of a Section, listing the Key Math Skills and Core Chemistry Skills from the previous chapters.Engage feature in the margin asks students to think about the paragraph they are reading and to test their understanding by answering the Engage question.Strategies for Learning Chemistry describe successful ways to study and learn chemistry.Expanded Study Checks in Sample Problems now contain multiple questions to give students additional self-testing practice.Updated - Concept Maps reflect the text's new design. They remind students that the effort of attempting to solve a problem before looking at a solution helps to connect to newly learned ideas, practice retrieval of information, identify gaps in understanding, identify how ideas are related, and show them how to change their approach to the problem in the future.New - Connect feature added to Analyze the Problem boxes indicates the relationships between Given and Need.Updated - Combining Ideas features offer sets of integrated problems that test students' understanding and develop critical thinking by integrating topics from two or more previous chapters.New - The STEPs in the Sample Problems include a worked-out Solution plan for solving the problem.New - TEST feature added in the margin encourages students to solve related Practice Problems to practice retrieval of content for exams.Expanded - Analyze the Problem features are included in the solutions to the Sample Problems to strengthen critical-thinking skills and to help students break down word problems into the components required to solve them. Atoms and Elements 5. She received her bachelor's degree in chemistry from the University of Washington and her Master's degree in biochemistry from the University of California at Los Angeles. 66 Dynamic Study Modules (DSMs), specific to GOB Chemistry, help students study effectively on their own by continuously assessing their activity and performance in real time. Timberlake ©2019 | Pearson Format Website ISBN-13: 9780136909071 Online purchase price \$74.99 Students, buy access Availability Timberlake ©2019 | Pearson Format Website ISBN-13: 9780134767918 Online purchase price \$79.99 Students, buy access Availability Timberlake ©2019 | Pearson Format Website ISBN-13: 9780134787312 Online purchase price \$79.99 Students, buy access Availability Timberlake ©2019 | Pearson Format Website ISBN-13: 9780134813028 Online purchase price \$124.99 Students, buy access Availability Timberlake ©2019 | Pearson | 960 pp Format Access Code Card ISBN-13: 9780135214138 Suggested retail price \$46.61 Availability Timberlake ©2019 | Pearson Format Access Code Card ISBN-13: 9780136909118 Suggested retail price \$93.32 Availability Timberlake ©2019 | Pearson Format Access Code Card ISBN-13: 9780134812991 Suggested retail price \$153.32 Availability Timberlake ©2019 | Pearson | 944 pp Format Unbound (Saleable) ISBN-13: 9780134762982 Suggested retail price \$186.65 Availability Timberlake ©2019 | Pearson | 936 pp Format Cloth ISBN-13: 9780134730684 Suggested retail price \$286.65 Availability General, Organic, and Biological Chemistry (2 - Semester) (Chemistry) Introduction to Organic Chemistry, hydrocarbons 13. Also available with Mastering Chemistry or as an easy-to-use, standalone Pearson eTextMastering® is the teaching and learning platform that empowers you to reach every student. Icons throughout the text highlight Clinical Update problems and provide examples of how allied health professionals use chemistry daily in their careers.Clinical Applications added to Practice Problems show the relevance between the chemistry content and medicine and health.Updated - Practice Problems, Sample Problems, and art demonstrate the connection between the chemistry being discussed and how these skills will be needed in professional experience. She speaks at conferences and educational meetings on the use of student-centered teaching methods in chemistry to promote the learning success of students. Note: You are purchasing a standalone product; Mastering Chemistry and Pearson eText do not come packaged with this content. They remind students that the effort of attempting to solve a problem before looking at a solution helps to connect to newly learned ideas, practice retrieval of information, identify gaps in understanding, identify how ideas are related, and show them how to change their approach to the problem in the future.Connect features added to Analyze the Problem boxes indicates the relationships between Given and Need.Updated - Combining Ideas features offer sets of integrated problems that test students' understanding and develop critical thinking by integrating topics from two or more previous chapters.New - Engage feature in the margin asks students to think about the paragraph they are reading and to test their understanding by answering the Engage question.New - Strategies for Learning Chemistry describe successful ways to study and learn chemistry.New - Expanded Study Checks in Sample Problems now contain multiple questions to give students additional self-testing practice.Updated - Concept Maps reflect the text's new design. Known for its friendly writing style, student focus, robust problem-solving pedagogy, and engaging health-related applications, the text prepares students for their careers. Ionic and Molecular Compounds 7. Chemistry in Our Lives 2. Professor Timberlake has been writing chemistry textbooks for 30 years. Pearson eText, optimized for mobile, seamlessly integrates videos and other rich media with the text and gives students access to their textbook anytime, anywhere. The chapter openers are now more clinically oriented with each story revisited with a Clinical Update at the end of chapter.Clinical Updates appears in the end-of-chapter material for each chapter and revisits the story from the Chapter-opening Career focus in the context of the chemistry learned in the chapter. "About this title" may belong to another edition of this title. More than one million students have learned chemistry using texts, laboratory manuals, and study guides written by Karen Timberlake. These are available as graded assignments prior to class, and accessible on smartphones, tablets, and computers. If you would like to purchase both the physical text and Mastering Chemistry, search for:0134804678 / 9780134804675 General, Organic, and Biological Chemistry: Structures of Life Plus Mastering Chemistry with Pearson eText - Access Card Package consists of:0134730682 / 9780134730684 General, Organic, and Biological Chemistry: Structures of Life©0134747151 / 9780134747156 Mastering Chemistry with Pearson eText - ValuePack Access Card - for General, Organic, and Biological Chemistry: Structures of LifeIf you would like to purchase the standalone Pearson eText, search for:0135214130 / 9780135214138 Pearson eText General, Organic, and Biological Chemistry: Structures of Life - Access CardOR 0135214122 / 9780135214121 Pearson eTextGeneral, Organic, and Biological Chemistry: Structures of Life - Instant Access For courses in General, Organic, and Biological Chemistry Make connections between chemistry and future health-related careersGeneral, Organic, and Biological Chemistry: Structures of Life engages students by helping them see the connections between chemistry, the world around them, and future health-related careers. These videos are These videos are available in web and mobile-friendly formats through the eText, assignable in Tutorial problems in Mastering ChemistryKey Math Skills and Core Chemistry Skills Tutorials provide assignable practice problems related to the in-text feature boxes, ensuring that students master the basic quantitative and science skills they need to succeed in the course.Learning Objectives bring the main goals of each section to the foreground, and are linked to end-of-chapter problems in the text and throughout Mastering Chemistry content. In addition to Chemistry: An Introduction to General, Organic, and Biological Chemistry, Tenth Edition, she is also the author of General, Organic, and Biological Chemistry, Structures of Life, Second Edition and Basic Chemistry, Second Edition, along with the accompanying Study Guide with Solutions for Selected Problems, Laboratory Manual, and Essentials Laboratory Manual. Career Focus Engages Students New and Updated - Chapter-opening Clinical Career focus provide engaging stories relating how chemistry is used daily in contemporary health-related professions and introduce the chemical concepts in each chapter. Learn more about Pearson eText. Pearson eText allows educators to easily share their own notes with students so they see the connection between their reading and what they learn in class-motivating them to keep reading, and keep learning. Icons throughout the text highlight Clinical Update problems and provide examples of how allied health professionals use chemistry daily in their careers.New - Clinical Applications added to Practice Problems show the relevance between the chemistry content and medicine and health.Chemistry Links to Health and Environment throughout the text relate chemistry concepts to real-life topics in health, the environment, and medicine that interest students.Updated - Practice Problems, Sample Problems, and art demonstrate the connection between the chemistry being discussed and how these skills will be needed in professional experience. Lipids 18. The Pearson eText mobile app offers:Offline access on most iOS and Android phones/tablets.Accessibility (screen-reader ready)/Configurable reading settings, including resizable type and night reading modeInstructor and student note-taking, highlighting, bookmarking, and search toolsEmbedded videos for a more interactive learning experience Engage students during class with the help of Mastering Chemistry Interactive Videos give students the experience of step-by-step problem solving for problems from the text.Interactive animations illustrate foundational topics and concepts and help students better visualize some of the more complex concepts in GOB Chemistry including Carbohydrate Digestion, Protein and Membrane Structure, Cellular Respiration, and Kinetic Molecular Theory of Gases. Preface is available for download in PDF format. Help students come to class prepared with Mastering Chemistry The Chemistry Primer helps students remediate their chemistry math skills and prepare for their first college chemistry course.Pre-built Assignments get students up to speed at the beginning of the course.Math is covered in the context of chemistry, basic chemical literacy, balancing chemical equations, mole theory, and stoichiometry.Scaled to students' needs, remediation is only suggested to students that perform poorly on initial problems.Remediation includes tutorials, wrong-answer specific feedback, video instruction, and step-wise scaffolding to build students' abilities. The text breaks chemical concepts and problem solving into clear, manageable pieces to ensure students stay on track and motivated throughout their first, and often only, chemistry course. Metabolic Pathways for Carbohydrates 23. Her husband, Bill, is also a professor emeritus of chemistry and has contributed to writing this text. Connect with us to learn more. Amino Acids and Proteins 20. Chemistry and Measurements 3. Instructors, contact your Pearson representative for more information. The new edition introduces more problem-solving strategies, more problem-solving guides, new Analyze the Problem with Connect features, new Try It First and Engage features, conceptual and challenge problems, and new sets of combined problemsæ'all to help students develop the problem-solving skills theyæ"ll need beyond the classroom.Also available with Mastering Chemistry or as an easy-to-use, standalone Pearson eTextMasteringæ is the teaching and learning platform that empowers you to reach every student. In 2006, she received the Textbook Excellence Award for the first edition of Basic Chemistry.She has participated in education grants for science teaching including the Los Angeles Collaborative for Teaching Excellence (LACTE) and a Title III grant at her college. The Pearson eText mobile app offers:Offline access on most iOS and Android phones/tablets.Accessibility (screen-reader ready)/Configurable reading settings, including resizable type and night reading modeInstructor and student note-taking, highlighting, bookmarking, and search toolsEmbedded videos for a more interactive learning experience Engage students during class with the help of Mastering Chemistry Interactive Videos give students the experience of step-by-step problem solving for problems from the text. The tutorials, many of them interactive and requiring student participation, increase the conceptual understanding of the topic and clearly illustrate cause-and-effect relationships.New and Updated - Enhanced end-of-chapter questions with answer-specific feedback use data gathered from all of the students using the program to offer wrong-answer feedback that is specific to each student, where and when they need it. Portable access lets students study on the go, even offline.
